INTELLIPRO® VS+SVRS

INTELLIGENT VARIABLE SPEED PUMP

The smart choice for savings and added protection.

PENTAIR.COM

ADDED SAVINGS. GREATER PEACE OF MIND.

**IntelliPro® VS+SVRS pumps—smarter design
saves energy and money. And so much more.**

The IntelliPro VS+SVRS Variable Speed Pump was the first pump developed with an integrated Safety Vacuum Release System (SVRS). This system features a built-in controller and proprietary software designed to help detect a suction or drain blockage and automatically stop the pump to provide an added layer of protection against entrapment when used in conjunction with VGB approved drain covers. The IntelliPro VS+SVRS pump complies with the current ASME A112.19.17 standard for Safety Vacuum Release Systems (SVRS).*

THIS SAVINGS STORY HAS A TRULY HAPPY ENDING.

A powerful set of advanced features that enable you to slash pump-related utility cost.

IntelliPro Variable Speed Pumps started an energy-savings revolution. No wonder they're the world's best-selling variable speed pumps. And, the IntelliPro VS+SVRS just got better. With energy savings of up to 90%** versus conventional pumps, a new easy-to-read rotatable keypad and advanced programming capabilities, pool pros and pool owners love them even more. Plus, they have a record of proven field reliability that no competitor can match.

Energy savings of up to 90%**
Moves water more efficiently
at lower speeds

NOT THAT YOU'RE A CONTROL FREAK. BUT YOU COULD BE.

Ultimate energy efficiency—fully automated, if you like.

Pair the IntelliPro VS+SVRS with a Pentair EasyTouch® or IntelliTouch® Automation System and you can schedule the exact features you wish to run...at the precise time you wish to run them. It's the ultimate in push-button convenience. For even greater control, add an optional ScreenLogic® Interface¹ to your Pentair automation system and access your pool from practically anywhere, and at any time, using your smartphone, computer or mobile device.

The IntelliPro VS+SVRS pump interfaces with Pentair automation systems to give you the convenience of mobile digital device control.[†]

*Standard for residential and commercial swimming pool, spa, hot tub and wading pool suction systems, as required by the Virginia Graeme Baker Pool and Spa Safety Act.

**Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.

[†] Remote access via a computer, smartphone or mobile digital device requires the separate purchase of a ScreenLogic® Interface.

¹The Pentair ScreenLogic Interface for MACINTOSH® DESKTOP COMPUTERS IS NOT COMPATIBLE with the recently released 64-bit-speed Macintosh CATALINA Operating System. Customers who update their Mac desktop computers to the new Catalina MacOS® will no longer be able to use the ScreenLogic Desktop Interface. Please NOTE: This change DOES NOT AFFECT iPhone®, iPad® mobile digital devices, Amazon Echo® or any other ScreenLogic Interfaces. Only MAC® computer desktop users with ScreenLogic who update to the new Catalina OS will be affected.

INTELLIPRO® VS+SVRS

INTELLIGENT VARIABLE SPEED PUMP

WHISPER-QUIET OPERATION. WORLDWIDE REPUTATION.

The choice of pool builders, retailers and service professionals everywhere.

Quiet means you enjoy a more relaxing, satisfying pool and spa experience, because the IntelliPro® VS+SVRS pump is one of the quietest pumps on the planet. While its Totally Enclosed, Fan-Cooled (TEFC) motor helps to reduce noise and prolong pump life, its reliable variable speed technology allows it to operate so efficiently and quietly that at lower speeds, you might not realize it's running.

PERFORMANCE CURVES

NOTE: The chart above demonstrates performance rates at factory preset speeds of 3450 RPM, 3110 RPM, 2350 RPM, 1500 RPM and 1100 RPM.

The IntelliPro VS+SVRS Variable Speed Pump has earned the Eco Select® brand distinction as one of the greenest and most efficient choices from Pentair.

ENERGY STAR® Certified IntelliPro VS+SVRS pumps from Pentair meet strict energy-efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. These pumps save money, reduce energy use and protect the environment.
